### Rotomolding Market News - Europe

#### **Plastic Tanks : "Height reduction and rotomolding are the sector's two main tren**

Johnny Rosell is 27 years old and graduated from the Instituto Químico de Sarrià. He now acts as a lawyer for Urban Gravity, a partner of Spanish company Rototank, and describes the plastic tanks market trends in this interview. According to him, manufacturers are now asked to reduce their tanks' height. Rotomolding remains the preferred process when it comes to making them, soon replacing the injection process. (Translated from Spanish)
